Abstract

I am going to write a nice paper in latex now, isn't that great!

hello world!
I am now writing L^AT_EX.

This is what I typed:

```
\documentclass[12pt]{article}

\title{My very first paper in latex}
\author{myself}

\begin{document}

\maketitle

\begin{abstract}
I am going to write a nice paper in latex now, isn't that great!
\end{abstract}

hello world!

I am now writing \LaTeX.

and here goes "this is what I typed..."
```

`\end{document}`
