- MATH 517
- MATH 545
- MATH 550
- MATH 560
- MATH 566

### Plan B (Paper)

- MATH 501-502
- MATH 517-519
- MATH 545-546
- MATH 550-562
- MATH 560-561
- MATH 566-567

### 1 additional course not listed above

#### Advising Session Comments

09/01/2005 - Passed MS defense 9/1/05, committee comments: presentation was technically strong, but could have used more overview. Finish part (ii) of qualifying exam by September 2006. Will take M667 & M571 SP06. Finish List III courses by 12/06. Progress looks great.

### Advising Session Comments

12/04/2007 - Duflot - Cara may count the MATH 545 she successfully completed as an undergraduate (with a grade of B, I understand) towards fulfillment of her degree requirements below: If she successfully completes MATH 546 in Spring 08, she may use the sequence MATH 545-546 towards fulfillment of her degree requirements.

### Advising Session Comments

08/29/2006 - Rachel Pries

Shawn did research with me over the summer for his masters thesis. He wants to take three hard classes this fall. We decided that he does not need to do 3 credits of research to complete his masters thesis. It makes more sense for him to take research credits when he starts working on a PhD project.

## Advising Session Comments

9/14/05 - Advising session with J. Mueller - teaching, coursework, and MS degree were discussed. Goals for the classroom include speaking louder, speaking and writing simultaneously, anticipating student questions and denser board work. Jennifer Maple intends to drop M540 to better balance teaching and schoolwork, this will leave her enrolled in M151, M651 and sitting in on M517. This semester she is working on Plan B (paper) for her M.S. degree. We set the following goals for our next research meeting (9/21/05). She will review the two PDE’s that she is solving computationally for her project. She will start a draft containing the two equations & write up the finite-dif. approx. to the LMS equation that was given to her this summer.

05/15/2006 ( QEC ) Based on your performance in M617 the Qualifying Examination Committee has given you a conditional pass on Part (i). To remove this condition you will be required to revise your MS paper to the satisfaction of your advisor. In addition, you must find a new Ph.D. advisor. Failure to remove these conditions by July 1, 2006 could jeopardize your future in the program. Good luck.
### General Degree Requirements
- 35 Credit Hours Coursework Required
- All Math courses 400 level or higher
- 24 Hours taken at CSU

- MATH 545-546
- MATH 550-652
- MATH 560-640 or MATH 561
- MATH 566-567
- MATH 570-571

### Advising Session Comments
10/04/2008 - Duflot - If you successfully complete your final examination for the MS degree in Fall 2008, and get all the final paperwork in to the Graduate School by the end of the Fall 2008 semester, your may retain your GTA for the Spring semester 2009. Please note that after receiving the MS degree in May 2009, 1 additional course not listed above ---- M 570

### Advising Session Comments

Jeanne Duflot - 09/10/2008 - Tim McCoy has asked to use graduate courses he has completed as an undergraduate to count, at least partially, towards fulfilling the departmental breadth requirement. I will permit this as long as the courses do come from the appropriate list(s), and were completed with a grade of B- or higher. This permission does not of course address whether such courses may count towards the credit hour requirement of the University--it just pertains to the departmental breadth requirement.
### General Degree Requirements
- 35 Credit Hours Coursework Required
- All Math courses 400 level or higher
- 24 Hours taken at CSU

## Advising Session Comments

04/23/2012 Jennifer Mueller  For the master's thesis:
1) Yes, you may use 601 in place of 501
2) You may use 519+617

11/04/2008  -  Duflot  -  As we agreed in our meeting today, you will be using the new system for Part I of the Qualifying Examination to qualify for the PhD. Please check back with me in about one year from today to work out an initial plan for a choice of Suite of Qualifying Courses for you to propose.

### Advising Session Comments
8/30/05 Discussed progress. Must complete current coursework FA05. After that, 2 options

1) If 566 & 517 exam results unsatisfactory, take 550 & 2 of 519, 617, 667 in Spring. Finish MS project over the summer and graduate with MS SM06.

2) If 566 & 517 exam results are good, take 519, 617, 667 in Spring. Finish MS project over summer and take either 545, 560 FA06 and finish MS FA06. Continuation for PhD will depend on 519, 617 exam results.

**Advising Session Comments**

06/18/2008  First and foremost, you do not need to worry about support for next year. As your advisors, Don and I are happy with your progress and are very pleased that you have the opportunity to spend this summer at Sandia. We are sure it will prove to be a valuable experience.

You have qualified for the PhD program and are therefore eligible for 6 years of departmental funding as a GTA (provided you maintain in good standing). The Graduate School requires that in order to submit a Masters thesis, a student be enrolled in a Masters program. Therefore, if you wish to complete your MS thesis, you will need to remain enrolled in the MS program. The Math Department will provide you with a 3rd year of support in which to complete your MS thesis, leaving a further three years of support in which to complete your PhD program. You will be supported by the department next year whether you decide to remain in the MS program, or transfer to the PhD program.

Yours sincerely,
Simon

### Advising Session Comments

11/04/2008 - Duflot - Summary of meeting 10/31: Met with Lori and M. Kirby on 10/31. Lori wants to go with the new system. She currently has completed the QEs for MATH 517, 566 and 567. She has failed MATH 617, and has currently standing a directive received from the May 2008 QEC to retake the course and exam for MATH 617. Finally, Lori is taking MATH 560 now, and she might take MATH 519 in the Spring 2009.

I have agreed to do the following:

1) Request that the QEC reevaluate/reconsider Lori’s case and modify its May 2008 directive in its Dec. 2008 meeting.
2) Preview Lori’s case with the Graduate Committee in its Nov. 12 (or Nov. 19) meeting, including Lori’s DRAFT Special Suite proposal. Invite M. Kirby to attend as Lori’s advisor and supporter.
3) I also advised Lori to register for what she and her advisor felt were the most appropriate courses in Spring 2009—if these did not include MATH 617, and the QEC insists that Lori retake MATH 617 in its Dec. 2008 meeting, then she can add and drop for Spring 2009, or retake the course later if the QEC approves that course of action.

- At least 18 Hrs at 500 or above
- Seminar Requirement met
- No More than 1 Hr MATH 584

### Plan A (Thesis)
- (Reqd. for thesis) 6 Cr MATH 699

### Plan B (Paper)
- (Reqd. for paper) 3 Cr MATH 699

### Must Include 3 out of 6
- MATH 501
- MATH 517
- MATH 545
- MATH 550
- MATH 560
- MATH 566

### Must Include 2 Sequences
- MATH 501-502
- MATH 517-617 or MATH 519
- MATH 545-546
- MATH 550-652
- MATH 560-640 or MATH 561
- MATH 566-567
- MATH570-571

- 1 additional course not listed above ----

### Advising Session Comments
10/12/05 - Alexander Hulpke - Over the summer did most of the research work for MS thesis, what remains is to write it up. Expect her to do the MS in SP06. At current progress certainly candidate for PhD.

03/30/06 - Alexander Hulpke - Ok'd Ellen not having 6 credits of M699V thesis for her MS degree requirements.
### General Degree Requirements
- 35 Credit Hours Coursework Required
- All Math courses 400 level or higher
- 24 Hours taken at CSU
- At Most 6 Credits taken outside Math
- At least 18 Hrs at 500 or above
- Seminar Requirement met
- No More than 1 Hr MATH 584
- Plan A (Thesis) 6 Cr MATH 699
- Plan B (Paper) 3 Cr MATH 699

### Must Include 3 out of 6
- MATH 501
- MATH 517
- MATH 545
- MATH 550
- MATH 560
- MATH 566

### Must include 2 sequences
- MATH 501-502
- MATH 510-520
- MATH 517-617 or MATH 519
- MATH 545-546
- MATH 550-652
- MATH 560-640 or MATH 561
- MATH 566-567
- MATH570-571

### 1 additional course not listed above
- MATH 618

### Advising Session Comments
10/14/2008 - Iulian Oprea - I agree to Zou taking 3 credits of MATH 699 rather than 6
