

Independent Study Registration

Department of Mathematics
Colorado State University

Name

CSU ID Number

will conduct _____ credits of independent study (MATH495) / undergraduate research (MATH498)

in _____ with _____ on the topic:

Semester

Faculty

The success of this study will be demonstrated by the following milestone(s) (must include written work or an examination component):

by _____

by _____

by _____

by _____

Milestone

Date

The work required should be similar to an upper division class with the same number of credits. Grading will be by default using the S/U variant unless

The use of Traditional Grading is requested and a justification for its use enclosed.

This study can be used to fulfill university (upper division, residence) credit requirements, but in general does not fulfill departmental requirements of upper division credit in the mathematical sciences.
