Graduating Students

Begin your Actuarial Career with the Denver Health Practice of Milliman!

Milliman is the country’s most prestigious actuarial consulting firm and has offices worldwide. Milliman is divided into four main practice areas – Health, Employee Benefits, Casualty, and Life. All of our practices are owned by the local Principals who manage them. You can find more about Milliman at www.Milliman.com.

The Denver Health Practice of Milliman is a growing practice with a wide variety of specialty niche areas, which means that we always have a broad range of work and challenges. Our goal is to be recognized as top consultants in each niche specialty, and our work typically involves the analysis of the financial risks and projections associated with healthcare and healthcare management.

The salary potential at the Denver Health Practice is virtually unlimited because individuals are paid based upon their contribution to the organization. We work closely with our staff to assist and support them in passing actuarial exams and they receive generous raises for passing. Everyone is heavily involved as we stake out new areas of business. We work hard, are always challenging ourselves to go beyond the usual, and have a lot of fun!

The successful candidate will possess extraordinary computer, technical, communication, interpersonal skills, and be self-motivated and driven to achieve. If this sounds like your kind of place, we want to hear from you!
