Excellent instructor. Enjoyed this course.

Could work on boardsmanship. Roberto crowds the board while talking and writing and I don't know what he's writing or talking about. Otherwise awesome instructor!

Professor Muñoz was incredibly knowledgeable about the subject and could answer any questions about calculus. My only criticism of the course itself was the overemphasis on tests as opposed to class quizzes. I believe that these are not an accurate measure of the student's understanding.

Excellent Teacher. Challenging curriculum.

Grade is a toss up though.

We need more tests to help our grade.
