The Guide to Taking Precalculus Courses

Spring 2021
Philosophy

This Guide is intended for students who are taking pre-calculus mathematics courses in Colorado State University’s Precalculus Program.

Entry-level mathematics courses intended to prepare students to take other university courses that use mathematics are called pre-calculus courses. These courses include College Algebra, Logarithmic and Exponential Functions, and Trigonometry. At Colorado State, all pre-calculus courses are taught in the Precalculus Program.

Students who take pre-calculus mathematics are an academically diverse group. They have different backgrounds, aptitudes, attitudes, and goals. In the early 1970's the CSU Mathematics Department became convinced that these students were not well served in traditional classrooms where, in spite of these differences, everyone is expected to learn in similar ways and at similar rates. This led to the development of the Precalculus Program.

Since its inception, the management and development of the Precalculus Program has been guided by the beliefs that college students must take the responsibility and initiative for their own learning and that given suitable learning resources, adequate time, and sufficient positive encouragement all college students can master entry level mathematics. The instructional design of these courses is based on a mastery program, meaning that students will achieve a minimum level of proficiently with each topic before proceeding to the next.

In the past forty-five years, the Precalculus Program has developed into a flexible instructional system that gives all CSU students the opportunity to master pre-calculus mathematics by providing them choices of content, an array of learning resources, variability in credits and deadlines, and various levels of individual support and encouragement. In 1996 the university recognized the quality of the Individualized Mathematics Program (the former name of the Precalculus Program) by awarding Dr. Klopfenstein, one of its long-time directors, the N. Preston Davis Award for Instructional Innovation.

The next evolution of the Precalculus Program was launched Fall Semester of 2005 with fully online instructional material and the ability for students to work on their Precalculus courses nearly 24x7. The College of Natural Sciences awarded Dr. Paul Kennedy, a former director of the Precalculus Program, the 2007 Excellence in Teaching Award for Teaching Innovation in recognition of the design and development of this online instructional platform. In 2008, Dr. Kennedy was honored by being selected as a University Distinguished Teaching Scholar.

This Guide provides students in the Precalculus Program with the information they need to organize and manage their learning experiences.

**The Virtual Center will be closed April 12th – 16th.

The Precalculus website is active 24x7*** from January 19th – May 7th. Access the appropriate website from the Canvas course page.

**A maintenance window is reserved from 6:00am - 9:00am daily. If you use the system during this time, you do so at your own risk. The system may be taken offline without warning during this window to perform system maintenance.

Precalculus Professional Staff
Prof. Steve Benoit, Co-Director
Ms. Anita Pattison, Associate Director

Contact Information
Precalculus Director: 137 Weber Building
E-mail: precalc-math@colostate.edu
Phone: (970) 491-5761

To comply with Federal privacy laws, we cannot give out personal information over the phone. You must either:
- meet with a director and bring your RamCard, or
- send an email from your CSU email including your full name and CSU ID number.
COVID-19 Information

Important information for Students: All students should fill out a student-specific symptom checker each day before coming to the Precalculus Center (https://covidrecovery.colostate.edu/daily-symptom-checker/). In addition, please utilize the symptom checker to report symptoms, if you have a positive test, or exposed to a known COVID contact. If you know or believe you have been exposed or are symptomatic, it is important for the health of yourself and others that you report it through this checker. You will not be in trouble or penalized in any way for reporting. If you report symptoms or a positive test, you will receive immediate instructions on what to do and CSU’s Public Health Office will be notified. Once notified, that office will contact you and most likely conduct contact tracing, initiate any necessary public health requirements and/or recommendations and notify you if you need to take any steps. For the latest information about the University’s response, please visit the CSU COVID-19 site (https://covidrecovery.colostate.edu/).

While in the Precalculus Center please wear a mask and maintain physical distancing. We will be cleaning but for your safety cleaning supplies will also be provided so you can wipe down your desk/table, chair, and any other shared spaces. Hand sanitizer will also be provided.

We will use Canvas Announcements to post any changes we need to make this semester.

If you become ill this semester, you should first make sure you receiving the medical care you need. The Centers for Disease Control and Prevention has resources for what to do if you are sick. Students who live in Larimer County may choose to report their symptoms to county health officials. Additional guidance for CSU community members who are not feeling well is available at safety.colostate.edu/coronavirus.

For academic concerns, you should reach out to us directly (precalc-math@colostate.edu). You may also reach out to Student Case Management (studentcasemanagement.colostate.edu) and parents or family members may do so in your stead if the you are too ill to initiate an outreach. Student Case Management is a good resource for students who are in crisis. Student Case Managers consult with students, faculty, instructors, staff, families, and providers to offer guidance on the next best steps. Every student situation is different and Student Case Management cannot make academic decisions for a student. They help find the best approach to support students in the immediate situation and help students connect with other offices and resources for ongoing care.
Precalculus Courses

Each course is one-credit. Below are the course prerequisites for each of the five courses as well as links to the PDFs of the appropriate formal course syllabi (including gtPathways-specific information) and the course outlines and objectives.

**MATH 117:** College Algebra in Context I,
Prerequisite: (1)
Course syllabus
Course outline and objectives

**MATH 118:** College Algebra in Context II,
Prerequisite: MATH 117 or (2)
Course syllabus
Course outline and objectives

**MATH 124:** Logarithmic and Exponential Functions,
Prerequisite: MATH 118 or (2)
Course syllabus
Course outline and objectives

**MATH 125:** Numerical Trigonometry,
Prerequisite: MATH 118 or (2)
Course syllabus
Course outline and objectives

**MATH 126:** Analytic Trigonometry,
Prerequisite: MATH 125 or (2)
Course syllabus
Course outline and objectives

(1) To register for MATH 117, you must satisfy *one* of the following:
- earn an appropriate score on the Colorado State University [Math Placement Tool](#) or the ELM (Entry Level Mathematics) Exam.
- complete MATH 055, MATH 093, or MAT 099, with a C- or higher at a Colorado Community College.

(2) To register for MATH 118 or higher, you must satisfy *one* of the following:
- an appropriate placement on the Math Placement Tool.
- satisfactorily completing the prerequisite course(s) at Colorado State.
- transfer credit for course(s) from another college or university.

You may take as many as five courses in a semester as long as the prerequisite for each course is satisfied or included in the package for which you are registering. Use RAMweb to register for Precalculus courses. You must register for all Precalculus courses you plan to take during the semester.
by the add deadline. The add, drop, and withdrawal period deadlines for the Precalculus courses are
given in Appendix IV.

Notice that being allowed to register for a course does not imply that you are eligible to take the course. If you are unable to access the online course materials because of a prerequisite problem, come to the Precalculus Office where the staff will work with you to determine whether and how you satisfied the course prerequisite.

Weekly Expectations and Due Dates
The University expects students to be spending approximately three hours per week per credit on their courses (page 2 of the “Advising and Registration” section of the General Catalog). You have the flexibility to arrange which hours each week you want to schedule to complete your math.

All students are responsible for completing the required coursework on time. Use the table in Appendix II or III to find the due dates for your coursework based on the number of Precalculus courses in which you are registered. To recover from missed due dates, you may reduce the number of Precalculus courses in which you are enrolled to get a new set of due dates and potentially recover lost points. Speak with a Precalculus Program Director if you have any questions or concerns.

Learning Resources in the Precalculus Program
Below is a list of resources available to help you succeed in the Precalculus Program.

**e-text**
- Contains the course objectives for each unit and provides printable PDF files of lecture notes.
- You will have automatic access to the e-text without purchasing a physical copy or access code from the CSU Bookstore. Once the drop date passes (see Appendix IV), the CSU Bookstore will charge your account the cost of the e-text.
- The e-text grants access to all registered Precalculus courses for that semester. Following semesters will require additional purchases; however, you will retain access to the e-text for any courses you complete.

**Video Lectures**
- Lectures present a single objective at a time.
- Can be viewed multiple times and can be paused to allow you to take notes.
- “Try This” problems: You should try to solve these problems on your own and then check your solution by watching the video solution.

**Learning Center**
- Staffed with undergraduate course assistants trained to help you learn the Precalculus content who provide walk-in tutoring **45 hours a week!**
- The most current information about the on-campus and virtual Learning Center will be posted in Canvas.
Do not expect a course assistant to just give you answers, they will expect you to have done your part by studying the online materials and making a serious effort to understand and solve problems.

You should spend an hour or more there studying math several times each week.

**Solutions**

- For every exam taken, you will be able to review the exam and see a solution to each problem. Access each exam taken via the “My Status” link.
- Keep organized scratch work when you take an exam. *It is helpful for you to have your scratch work as you review the exam solutions and when you have a need to discuss a problem with a course assistant.*

**Resource Desk**

**Calculators**
- Texas Instruments TI-83® or TI-84® Graphing Calculators are needed for all Precalculus courses.
- Able to be checked out from the Precalculus Resource Desk with your RamCard.
- These calculators may ONLY be used in the Precalculus Center.
- Calculator manuals maybe checked out for daily use.

**Textbooks**
- May be checked out for a two-week period with your RamCard.

**Laptops**
- Laptop computers can be borrowed for use in the Precalculus Center.

**Headphones**
- May be checked to be used ONLY in the Precalculus Center with your RamCard.

**Longboards/Skateboards/Scooters**
- Can be stored at the Resource desk.

**Padlocks**
- May be checked out for daily use to secure your belongings in a locker when you need to take a proctored exam.

**Supplemental Websites**

- [Khan Academy](https://www.khanacademy.org) is a free resource. It may require you to set up an account.
- [Purple Math](http://purplemath.com) has many lessons for free. However, Purple Math Plus requires you to enroll in monthly or yearly plan.
- [S.O.S. Mathematics](http://www.sosmath.com) is a free resource.
- [West Texas A & M University Virtual Math Lab](http://wts.math.tamu.edu/mathlab) is a free online tutorial.
Course Procedures and Organization

**User’s Exam**
The user’s exam tests students about policies, procedures, and the instructional resources of the Precalculus program. This guide contains all the information needed.

<table>
<thead>
<tr>
<th>Setting</th>
<th>Number of Questions</th>
<th>Minimum Score to Pass</th>
<th>Number of Attempts</th>
<th>Passing Unlocks…</th>
</tr>
</thead>
<tbody>
<tr>
<td>Available both as an Unproctored and Proctored Exam</td>
<td>20</td>
<td>16</td>
<td>Unlimited</td>
<td>Skills Review Exam</td>
</tr>
</tbody>
</table>

**Skills Review**
The skills review exam contains basic mathematical skills necessary for successful completion of the course. After the first attempt, videos to help you brush up on your mathematical skills are unlocked.

<table>
<thead>
<tr>
<th>Setting</th>
<th>Number of Questions</th>
<th>Minimum Score to Pass</th>
<th>Number of Attempts</th>
<th>Passing Unlocks…</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unproctored</td>
<td>10</td>
<td>8</td>
<td>Unlimited</td>
<td>Learning Objective 1.1</td>
</tr>
</tbody>
</table>

**Learning Objectives**
Each unit has five learning objectives. There is an overview video to introduce the topic being studied. The sub-objectives have many example videos to help gain a fuller understanding of the topic. You can attempt the “Try This” problems on your own, then look at the video for a solution. At the end of the learning material for the objective, you will find the link to the Required Assignment.

**Required Assignments**
There is a required assignment for each learning objective. These assignments help solidify your knowledge of the content from the video lectures. You can complete these assignments multiple times for extra practice.

<table>
<thead>
<tr>
<th>Setting</th>
<th>Number of Questions</th>
<th>Minimum Score to Pass</th>
<th>Number of Attempts</th>
<th>Passing Unlocks…</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unproctored</td>
<td>3</td>
<td>3</td>
<td>Unlimited</td>
<td>Next Learning Objective</td>
</tr>
</tbody>
</table>

**Review Exams**
There are four review exams per course. In order to gain access, you must have completed the required assignment for that unit AND passed the previous unit’s proctored exam. If the review exam is completed by the deadline, you will earn 3 points; else, you will earn no points (see Grading on page 12). A good way to study for the final is by retaking the review exams.
<table>
<thead>
<tr>
<th>Setting</th>
<th>Number of Questions</th>
<th>Minimum Score to Pass</th>
<th>Number of Attempts</th>
<th>Passing Unlocks…</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unproctored</td>
<td>10</td>
<td>8</td>
<td>Unlimited</td>
<td>Current Unit Exam</td>
</tr>
</tbody>
</table>

**Unit Exams**

There are four unit exams per course. You are eligible to take the unit exam once the review exam for that unit is passed. You can take the unit exam an unlimited number of times; however, every two times you do not pass you must repass that unit’s review exam. Once the unit exam is passed, you can take it an unlimited amount of times until the due date for the final exam. If you have passed the final exam, you may retest until the last day of classes for the current semester. Only your best passing score will count toward your grade (see Grading on page 12).

<table>
<thead>
<tr>
<th>Setting</th>
<th>Number of Questions</th>
<th>Minimum Score to Pass</th>
<th>Number of Attempts</th>
<th>Passing Unlocks…</th>
</tr>
</thead>
<tbody>
<tr>
<td>Proctored (40 minute time limit)</td>
<td>10</td>
<td>8</td>
<td>2 non-passing attempts at a time, unlimited once you pass</td>
<td>Next Unit’s Review Exam or the Final Exam</td>
</tr>
</tbody>
</table>

**Final Exam**

The final exam is cumulative and is only unlocked after the unit 4 exam is passed. You have unlimited attempts to take the final exam until the end of the day on the due date. If you have passed the unit 4 exam but have not passed the final by the date it is due, you will be allowed one* attempt the next business day.

<table>
<thead>
<tr>
<th>Setting</th>
<th>Number of Questions</th>
<th>Minimum Score to Pass</th>
<th>Number of Attempts</th>
<th>Passing Unlocks…</th>
</tr>
</thead>
<tbody>
<tr>
<td>Proctored (75 minute time limit)</td>
<td>20</td>
<td>16</td>
<td>Unlimited</td>
<td>Next Precalculus course (if you have at least 57 points in the course, retest as needed)</td>
</tr>
</tbody>
</table>

“My Status”

At any time, if you wish to review the exams you have taken during the semester, click the “My Status” link on the sidebar. This page includes:
- A current point total for the course and the course grading scale.
- the number of unit exams attempts available.
- A copy of exam attempt with your answers and the solutions.
- Best scores on the unit and final exams.

Retesting

There are no restrictions on the number of times you may take an exam. Regardless of how many times you take an exam, only your best passing score will count toward your final grade.
You may retest in any previously passed unit of any course until the due date for the Final Exam for that course. If you have passed the Final Exam, you may continue retesting until 4pm on the last day of classes for the current semester. You may need to retest to earn enough points to complete the course and/or you may wish to retest to improve your grade.

If you are taking several courses, you may retake exams from an earlier course even though you have gone on to another course. For example, if you finished your first course but only earned a "C" grade, you may proceed to another course and at the same time continue to work on the first one to earn a higher grade.

**Course Completion**

In addition to passing the four unit exams and the final exam with a score of at least an 80% on each exam, you must earn 57 points or higher to complete the course (see Grading on page 12).

**Testing**

Students will access their proctored exams via the “quizzes” tab in Canvas. More information will be posted about testing in the “Announcements” tab in Canvas.

The Testing Center (Weber 138) will be open for limited on campus testing. Students can test on campus if it works better for them but we are encouraging student to test remotely via the Canvas links. Right now, we do not plan to require appointments to test on campus but we may need to change that as the semester progresses. Any updates will be posted on Canvas.

The Testing Center has the same walk-in hours as the Precalculus center (see General Information on page 3) with the following notes:

- Testing Center doors close 15 minutes before closing time, and no new exams may be started.
- All exams **MUST** be submitted by closing time.

**Mechanics of Taking an Exam in the Testing Center**

1. Bring your RamCard and a pen or pencil to Testing. *All other items must be stored in a Precalculus locker.* Note a calculator and scratch paper is provided.
   - Writing on the hand, cell phones, and other personal electronic devices will be viewed as reference material, which is prohibited in Testing.
2. A staff member will assign you to a computer and give you scratch paper
3. Place your RamCard (with your picture facing up) at the computer. Enter your CSU ID number to begin the exam.
4. Acknowledge the CSU Honor Pledge. Your exam and a calculator will show up on screen.
5. The computer will display how much time you have left. Your exam will automatically submit once time runs out.
6. Once finished, take your belongings and check out with a Precalculus staff member. *Be sure to keep your scratch work!*
7. Check your results via “My Status”, and use your scratch paper to go over missed problems with a course assistant.

If at any point you need assistance, raise your hand and a proctor will come help you.
**Grading**

There are 72 total points possible in each course. The final grade is determined by the sum of your best scores for each of the four Unit Exams and the Final Exam, plus any points earned from passing the Review Exams by the applicable due date. The table below shows the breakdown of how you can earn points:

<table>
<thead>
<tr>
<th>Exam Type</th>
<th>Number of Exams</th>
<th>Points Possible for Each Exam</th>
<th>Total Number of Points Possible</th>
</tr>
</thead>
<tbody>
<tr>
<td>Review Exam</td>
<td>4</td>
<td>0 or 3</td>
<td>0 to 12</td>
</tr>
<tr>
<td>Unit Exams</td>
<td>4</td>
<td>8 to 10</td>
<td>32 to 40</td>
</tr>
<tr>
<td>Final Exam</td>
<td>1</td>
<td>16 to 20</td>
<td>16 to 20</td>
</tr>
</tbody>
</table>

When you have completed your courses, MATH 117, MATH 118, MATH 124, MATH 125, or MATH 126, by passing all four Unit Exams, in order, and the Final Exam with best scores of 80% or better, you are assigned a grade of A, B, C, or U, according to the following table:

<table>
<thead>
<tr>
<th>Total Points</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>65 to 72</td>
<td>A</td>
</tr>
<tr>
<td>62 to 64</td>
<td>B</td>
</tr>
<tr>
<td>57 to 61</td>
<td>C</td>
</tr>
<tr>
<td>Not completed (&lt; 57)</td>
<td>U</td>
</tr>
</tbody>
</table>

If you have not completed a Precalculus course for which you are registered, you are assigned a grade of U (unsatisfactory). The U grade is a permanent transcript entry, but does not affect the CSU grade point average. However, some universities and financial aid agencies treat the U grade as an F when evaluating student records for graduate or transfer admissions or for awarding financial aid. To earn credit for a course in which a U grade was assigned, you would need to register for the course again and satisfactorily complete it from the beginning.

A grade of F is assigned in special circumstances involving academic misconduct.

An I (incomplete) may be assigned if you have worked responsibly and consistently on a course during the semester, *but circumstances that were beyond your control and could not have reasonably have been anticipated prevented completion of the course*. If you believe you qualify for an incomplete on this basis you should discuss your situation with a Director in the Precalculus Office.

Questions and appeals concerning grades should first be directed to one of the Precalculus Directors in the Precalculus Office (Weber 137) or send an email from your CSU email account to precalc-math@colostate.edu. Be sure to include your CSU ID number. If differences cannot be satisfactorily resolved with a Precalculus Director, further appeals may be pursued in accordance with the policies on Grading and Grade Appeals under “Advising and Registration” in the *General Catalog*.

**Disabilities**

Colorado State University is committed to providing reasonable accommodations for all persons with disabilities. Students with disabilities who need accommodations must first contact the Student Disability Center before requesting accommodations for their Precalculus course(s). The Student
Disability Center is located in room 121 of the TILT Building. Their phone is (970) 491-6385 (V/TDD). Students who need accommodations must speak with a Precalculus Director in a timely manner to discuss needed accommodations.

**Academic Misconduct**

*Academic misconduct undermines the educational experience at Colorado State University, lowers morale by engendering a skeptical attitude about the quality of education, and negatively affects the relationship between students and faculty/instructors.*

Faculty/Instructors are expected to use reasonably practical means of preventing and detecting academic misconduct. Any student found responsible for having engaged in academic misconduct will be subject to academic penalty and/or University disciplinary action.

Students are encouraged to positively impact the academic integrity culture of the University by reporting incidents of academic misconduct. (See the General Catalog.)

Possession of visually, audibly, or tactily accessible materials in the Precalculus Testing Center or during an online proctored that could assist the student in earning a higher score on an examination and attempting to misrepresent information are examples of academic misconduct.

The University Policy on Academic Integrity is vigorously enforced in the Precalculus Program. Students judged to have engaged in academic misconduct may be assigned a reduced grade or a grade of F for the course and/or other penalties may be imposed. All incidents of academic misconduct will be reported to Conflict Resolution and Student Conduct Services for possible further disciplinary action. Incidents of impersonation may be referred to the University Police for criminal investigation.

Any evidence that a student is engaging or has engaged in an act of academic misconduct will be reported to a Director of the Precalculus Program. The Director will give the student involved the opportunity to provide his/her explanation of the incident. If the student admits to engaging in academic misconduct or if the Director judges that a preponderance of evidence exists to support the allegation of academic misconduct, the Director may impose an academic penalty and will report the incident to Conflict Resolution and Student Conduct Service.

If the student disputes the allegation of academic misconduct, he/she should request a hearing with the Conflict Resolution and Student Conduct Service. The University Hearing Officer will determine whether or not a preponderance of evidence exists in support of the allegation of academic misconduct. If the University Hearing Officer finds insufficient evidence or clears the student of charges, the penalty imposed by the Precalculus Director will be rescinded and the student’s previous status in the Precalculus Program restored. If the University Hearing Officer finds the student culpable, the Hearing Officer may impose additional University disciplinary sanctions. For further information, see “Students’ Responsibilities” under “Policies and Guiding Principles” in the *General Catalog.*
Appendix I: Sample User’s Exam

1. Which two of the following are true about the last day to add and withdraw from Precalculus courses this semester?
   a. You may add Precalculus courses at any time during the semester.
   b. You may add Precalculus courses until the add period ends which occurs at the end of the first week of classes.
   c. You may withdraw from Precalculus courses at any time during the semester.
   d. You may withdraw from Precalculus courses until the withdrawal period ends which occurs at the end of the 12th week of classes.

2. Imagine you are registered for 2 of the one credit Precalculus courses this semester. Based on University expectations, how many hours should you spend each week working on completing these 2 courses?
   a. 1
   b. 2
   c. 4
   d. 6
   e. 8

3. Which of the following statements are true regarding Review Exams?
   There is at least one correct response. Choose all correct responses.
   a. An appropriate way to study for the Final Exam is to retake the four unit Review Exams.
   b. Before you can take the Unit 2 Review Exam, you must pass both the Unit 1 Review and Unit Exams.
   c. If you pass the unit Review Exam for the first time by the due date, you will receive 3 points.
   d. If you do not pass a Unit Exam after two attempts, you must pass the Review Exam again to earn two additional attempts on the Unit Exam.

4. Which of the following must be completed before you may take the Unit 2 Review Exam?
   There is at least one correct response. Choose all correct responses.
   a. You must have attempted, but may have not yet passed, the Unit 1 Exam.
   b. You must have passed the proctored Unit 1 Exam.
   c. You must have passed the Unit 1 Review Exam.
   d. You must have completed all five of the Unit 2 Required Assignments.

5. Which of the following must be completed before you may take a Unit 3 Exam?
   There is at least one correct response. Choose all correct responses.
   a. You must have completed all five of the Unit 3 Required Assignments.
   b. You have attempted, but not yet passed the Unit 2 Exam.
   c. You must have passed the Unit 3 Review Exam.
   d. You have passed the Unit 2 Exam.
6. Which of the following are learning resources offered by the Precalculus Program?  
*There is at least one correct response. Choose all correct responses.*
   a. online video lectures  
   b. solutions to exam problems  
   c. free, "walk-in" or “online” tutoring (Office Hours)  
   d. a Resource Desk, where supplemental texts and calculators can be checked out

7. Which two of the following are options if you do not pass the Final Exam by the due date?  
   a. If you are eligible to take the Final Exam by the due date listed and have not yet passed it, you will be allowed one attempt on the Final Exam the next business day.  
   b. You can keep trying to pass the Final Exam until the end of the semester.  
   c. You may reduce the number of courses in which you are enrolled to get a new set of due dates and have more time to pass the Final Exam.

8. Imagine you just took the Unit 3 Exam in a Precalculus course for the second time. Via the “My Status” link, you learned that you did NOT earn a passing score on either of your two attempts. Which of the following can you do?  
*There is at least one correct response. Choose all correct responses.*
   a. Retake a Unit 1 Exam to improve a previous score.  
   b. Retake and pass the Unit 3 Review Exam and then take the Unit 3 Exam again.  
   c. Retake the Unit 3 Exam again.  
   d. Take a Unit 4 Exam.  
   e. Start working on the Unit 4 Required Assignments.

9. Which of the following are characteristics of the course due dates for Precalculus courses?  
*There is at least one correct response. Choose all correct responses.*
   a. You cannot take a Review Exam after the due date for that exam.  
   b. The first time you pass a Review Exam before its due date, you will receive 3 points.  
   c. The Final Exam must be passed before midnight (MST) on the due date listed.  
   d. If you are eligible to take the Final Exam by the due date listed and have not yet passed it, you will be allowed one attempt on the Final Exam the very next business day.  
   e. If you do not pass a Review Exam by its due date, you will receive zero points for the Review Exam but will still need to pass it to move on with the course material.

10. You just passed the Final Exam for your course. You check the "My Status" link and see that you have a total of 55 points in the course. Which of the following are true?  
*There is at least one correct response. Choose all correct responses.*
   a. You can keep retesting to improve your grade until the due date for your Final Exam.  
   b. You can keep retesting to improve your grade after the due date for your Final Exam.  
   c. You cannot retest.  
   d. You must keep retesting to earn at least 57 point to pass the course.  
   e. You cannot start your next course until you have at least 57 point in your current course.
11. What happens if you do NOT pass a Review Exam by the due date?

   There is at least one correct response. Choose all correct responses.
   a. You will lose three of the 72 points possible for the course.
   b. It is still possible to get an A in the course if you only miss one Review Exam due date.
   c. You cannot pass the course if you miss all four Review Exam due dates.
   d. (Re)take the Review Exam until you do pass it.
   e. You can get help from the Course Assistants in the Precalculus Learning Center.

12. The current point total for your course is available via the “My Status” link. Which of the following scores are included in your point total?

   There is at least one correct response. Choose all correct responses.
   a. Your best Final Exam score.
   b. Your best Final Exam score, if it is at least 80%.
   c. Your best passing Unit Exam scores.
   d. Your best Unit Exam scores.
   e. Points earned by passing a Review Exam for the first time by the due date for that exam.

13. Which of the following are available from the online course materials “My Status” link?

   There is at least one correct response. Choose all correct responses.
   a. the course grading scale
   b. results of your Review, Unit, and Final Exams
   c. the number of Unit Exam attempts you have available
   d. your current point total for the course

14. What must you do to earn credit for a course?

   There is at least one correct response. Choose all correct responses.
   a. You must achieve a minimum passing score (70%) on each of the Unit Exams for the course.
   b. You must achieve a minimum passing score (80%) on each of the Unit Exams for the course.
   c. You must achieve a minimum passing score (70%) on the Final Exam for the course.
   d. You must achieve a minimum passing score (80%) on the Final Exam for the course.
   e. You must earn a minimum number of points.

15. The grade of U does not affect a student’s grade-point average at CSU. Which two of the following are also true when you are assigned a grade of U (Unsatisfactory) for a course?

   a. The U is a permanent entry on your transcript.
   b. The U will be removed from your transcript if you finish the course in a future semester.
   c. You can continue with the course the next semester and have all of your unit exam scores carry over from the semester the U was assigned.
   d. In order to receive credit for the course, you must register for the course again and complete it from the beginning.
Appendix II: Exam Dues Dates, Enrollment in One or Two Courses, Spring 2021

All Precalculus students are responsible for completing the required coursework on time. Use this table to determine the due dates for your coursework if you are enrolled in one or two Precalculus Courses. Follow the column that represents how many Precalculus courses you are registered for this semester.

2 Courses
1st Review Exam: Fri., Jan. 29
2nd Review Exam: Tues., Feb. 9
3rd Review Exam: Thurs., Feb. 18
4th Review Exam: Fri., Feb. 26
Final Exam: Thurs., Mar. 4

1st Course
1st Review Exam: Mon., Mar. 15
3rd Review Exam: Thurs., Apr. 1
4th Review Exam: Mon., Apr. 19
Final Exam: Mon., Apr. 26

2nd Course
1st Review Exam: Mon., Mar. 15
3rd Review Exam: Thurs., Apr. 1
4th Review Exam: Mon., Apr. 19
Final Exam: Mon., Apr. 26

1 Follow the due dates listed for Track A if the first course you start is MATH 117 or 125.
2 Follow the due dates listed for Track B if the first course you start is MATH 118, 124, or 126.

* Review Exam
• If passed by midnight (MST) on the due date listed you will receive 3 points toward your final grade.
• If you do not pass a Review Exam by its due date, you will receive zero points for the Review Exam but will still need to pass it to move on with the course material.

Unit Exam
• There are no due dates for the Unit Exams. However, you must pass the proctored Unit Exam before you are able to take the Review Exam for the next unit.
• You may retest on Unit Exams to improve your score until the Final Exam due date for that course.

** Final Exam
• Must be passed by midnight (MST) on the due date listed.
• If you are eligible to take the Final Exam by the due date listed and have not yet passed it, you will be allowed one attempt on the Final Exam the next business day.
• If the Final Exam is passed, you may retest on any exam (Unit or Final) for that course until 4:00pm on May 7, 2021. You may need to retest to earn enough points to complete the course and/or you may wish to retest to improve your grade.
• If you do not pass the Final Exam, you may reduce the number of courses in which you are enrolled to get a new set of due dates and potentially recover lost points. Refer to Appendix V for Precalculus Registration Deadline Dates. Speak with a Precalculus Director if you have any questions or concerns.

Note: Dates are subject to change, log into the Precalculus Program website and refer to the “My Schedule and Deadlines” link.
Appendix III: Exam Dues Dates, Enrollment in Three or More Courses, Spring 2021

All Precalculus students are responsible for completing the required coursework on time. Use this table to determine the due dates for your coursework if you are enrolled in three or more Precalculus Courses. Follow the column that represents how many Precalculus courses you are registered for this semester.

* Review Exam
- If passed by midnight (MST) on the due date listed you will receive 3 points toward your final grade.
- If you do not pass a Review Exam by its due date, you will receive zero points for the Review Exam but will still need to pass it to move on with the course material.

Unit Exam
- There are no due dates for the Unit Exams. However, you must pass the proctored Unit Exam **before** you are able to take the Review Exam for the next unit.
- You may retest on Unit Exams to improve your score until the Final Exam due date for that course.
**Final Exam**

- Must be passed by midnight (MST) on the due date listed.
- If you are eligible to take the Final Exam by the due date listed and have not yet passed it, you will be allowed one attempt on the Final Exam the next business day.
- If the Final Exam is passed, you may retest on any exam (Unit or Final) for that course until 4:00pm on May 7, 2021. You may need to retest to earn enough points to complete the course and/or you may wish to retest to improve your grade.
- If you do not pass the Final Exam, you may reduce the number of courses in which you are enrolled to get a new set of due dates and potentially recover lost points. Refer to Appendix V for Precalculus Registration Deadline Dates. Speak with a Precalculus Director if you have any questions or concerns.

**Note:** Dates are subject to change, log into the Precalculus Program website and refer to the “My Schedule and Deadlines” link.
Appendix IV: Registration Deadline Dates, Spring 2021

001 Sections
Use the computer registration system (RAMweb) to Add, Drop or Withdraw from section 001 of MATH 117, MATH 118, MATH 124, MATH 125, and MATH 126.

- Course Add deadline: Sunday, January 24th
- Course Drop deadline: Wednesday, February 3rd
- Course Withdrawal deadline: Sunday, April 18th

801 Sections
Information about dropping or withdrawing from section 801 of MATH 117, MATH 118, MATH 124, MATH 125, and MATH 126 can be found at: http://www.online.colostate.edu/faqs/policies/drop-policy.dot

- Course Add deadline: Sunday, January 24th
- Course Drop deadline: Wednesday, February 3rd
- Course Withdrawal deadline: Sunday, April 18th
Appendix V: Precalculus Program Quick Start Guide

1. Go to https://precalc.math.colostate.edu and log in with your eID.

2. Watch the Online Orientation and read the Student Guide and for more detailed and complete information.

3. Pass the User’s Exam.

4. Click to start your course and the course e-text will be displayed.

5. To get to the e-test at a later date, click on the green “E-Text” box below the course.

6. Pass the Skills Review Exam. After your first attempt, a link to some review materials will appear.
7. Click on the link to the objective to bring up the study materials and the Required Assignment. Complete all five of Unit 1 Required Assignments. (You can continue on to the next unit if you wish.)

8. Pass the Unit 1 Review Exam by the due date.

9. Pass the proctored Unit 1 Exam either in the Precalculus Testing Center, Weber 138, or by following the instructions online in the yellow box below the link to the Review Exam.

10. Repeat steps 7 – 9 for Units 2, 3, and 4.

11. Study for the Final Exam by practicing Unit Review Exams.

12. **Take the Final Exam as many times as needed** to earn a passing score before the end of the day on the due date.

13. If you have not passed the Final Exam by the due date, **and you have passed the Unit 4 Exam**, you have one more attempt to pass the Final Exam the next day business after your due date.

14. Retest, if necessary, on any Unit and/or Final Exam to complete the course (must have at least 57 points in the course).

15. If you do not pass your Final Exam, you will need to adjust your registration to continue working on your math courses. Ask in the Precalculus Office, Weber 137, or email precalc-math@colostate.edu for your options.

16. Repeat steps 4 – 15 for your next Precalculus Course(s)

17. Retest on any Unit or Final Exam if you wish to improve your grade. You may retest on any course in which you have passed the Final Exam until the last day of classes for the semester.

18. Other important links that you will want visit:
   a. Getting Online Help (for tutoring help)
   b. My Schedule and Deadlines (to see all your due dates)
   c. My Status (to see your point total, exam scores, and links to all the exams you have taken so far.)

**Please note:**

If you did not pass a Review Exam by its due date, **you have earned zero of three points possible**. You can still pass the course if you miss Review Exam due dates. But, you will need to gain back some of the missing points by scoring higher on the Unit and Final Exams.
